

Earthlings?, Down There

Alright
get down, yeah
Kiss yo' self

To touch me
I want you
to touch me
down there
down there
I want you to touch me there
down
down
down
down
down
down
there

I'm gonna buy me a little bitty shack
down by the railroad track
I'm gonna rock and roll my little bitty baby
and I ain't never comin' back
gonna lay you down
lay you down

get down
alright
yeah
kiss yo' self
I want you
to touch me
to touch me
to touch me
to touch me
down there
way down there
I want you to touch me down there
down there
way down there
I want you to touch me down there
down there
down there
down there
