

Earthlings?, Saving Up For My Spaceship Illumin

I'm an earthling
I'm leaving
I'm an earthling, yeah, and I'm leaving.

On a night as clear as this,
you can launch yourself into the stars!
I'm saving up for my spaceship
Spacecraft, to fly.

I'm an earthling
and I'm leaving
I'm...an earthling
I'm leaving

On a night as clear as this,
you can launch yourself into the stars!
I'm saving up for my spaceship
Spacecraft, to fly.

Yeah, yeah, yeah
Yeah, yeah, yeah
Yeah, yeah, yeah
Yeah!

When my inspiration has let me down
I leave the city
Pick up the lamp,
pick up the lamp, and find
a new river and watch it flow
a new river and watch it flow

everything is coming down
somewhere in the hideaway
sliding down the back of a memory
leave your thoughts at the tree
my inspiration
when i lay me down

sliding down the back of a memory
leave your thoughts at the tree
?
sun sinks in
illuminate, illuminate, illuminate

sliding down the back of a memory
you know i'll take it and move it up
illuminate, illuminate, illuminate

sliding down the back of a memory
in a world full of intrigue
a new river watch it flow
illuminate

sliding down the back of a memory
sliding down the back of a memory
illuminate
illuminate
sun and the moon
illuminate
sun and the moon
illuminate
only the moon
illuminate
illuminate

illuminate

sliding down the back of a memory
god damn
it's your father
and your mother
you miss them
you're like a virgin
