

# East 17, Somebody To Love

Chorus:

We all need someone to love  
We all need somebody to love  
Holding and kissing you  
When you go missing you  
Keeping you warm through cold of the night  
We all need somebody to love  
First thing in the morning  
When you just arose  
Your eyes still closed  
You're getting up, you're feeling down  
Maybe it's 'cause  
Your bed's creased on one side  
You can't hide your face  
From smiling  
While your heart  
Wears a frown  
You always move on  
No place to call home, living alone  
Why should it have to be this way  
Chorus  
You run and you hide  
While you're hurting inside  
From memories  
You can't get away  
From the pain in your heart  
Toss an you turn  
You've seen all  
Your own burn  
Was a childhood dream  
Can't keep it together  
While your world falls apart  
You're just like them  
But they don't agree  
Living alone  
Why does it have to be this way  
Chorus  
Holding and kissing you  
When you go missing you  
Keeping you warm through cold of the night  
And to be your companion  
Of soul understanding  
Your every need to be your light
