Verse One:

It's that man comin up from that land of tha C-P-T
(&"What's my motherfuckin name?&" - Snoop) Eazy-E
Comin thru with a big lick for '94
Showin alla y'all them true-ass gangsta flows
So bow-wow bow-wow the big dog's in town
and them guts is the only thing a nigga pound
Laid back as I blow a fat sack
Hittin switches for them bitches, hittin corners in a Cadillac
So take a ride on tha ruthless side
with the E to the A-Z-Y
That nigga makin more off yo hits than you do
you fools, need to recognize this crew when I roll through
Tryin to speak up on tha OG, nigga you don't know me
Break em off these nuts lil wanna-be
Cause I peel caps if need be
And ain't nothin you gonna bring don't see me
Just tah let U know...

Chorus: repeat 2X

One more time for the rhyme again
Comin from the C-O-M-P-T-O-N
