

Eberhard Schoener, Natural High

Ooo!
Who needs the sky?
Just watch me fly
I'm on a natural high

We're on a natural high

Who needs the sky?
You can just watch me fly
On a natural high
So you won't turn and sigh
And I feel like I'm 13
(vocals fade and blur)

Layin' on the sky
Feel like I'm sailing through a fire
Like a bird I can fly on a natural high
Letting out a scream
Like I'm sailing through a dream

Like a bird I can fly on a natural high

Caught in the sky
Who can I tie?
Oooo...

Letting out a scream
Like I'm sailing through a dream
Bird I can fly on a natural high
Letting out a scream
Like I'm sailing through a dream
Bird I can fly on a natural high
Eeeeeeeoooooaaaaa....

Caught in the sky (caught in the sky)
Who can I tie? (who can I tie?)
