

Echo And The Bunnymen, Nothing Lasts Forever

I want it now I want it now not
the promises of what tomorrow brings
I need to live in dreams today
I'm tired of the song that sorrow sings
I want more than I can get just
trying to trying to trying to forget
I walk to you through winds of fire
and never let you know the way I feel
Under skin is where I hide love
that always gets me on my knees
I want more than I can get just
trying to trying to trying to forget
Nothing ever lasts forever nothing ever lasts
forever nothing ever lasts
forever nothing ever lasts forever
I want it now I want it now dont
tell me that my ship is coming in
Nothing comes to those who wait
times running out before you're running in
I want more than I can get just
trying to trying to trying to forget
Nothing ever lasts forever nothing ever lasts
forever nothing ever lasts
forever nothing ever lasts forever
All the Shadows and the fields are coming to you
all the Shadows and
the fields are coming to you
All the Shadows and the
fields are coming to you
