

# Echo & The Bunnymen, Watchtower

Skin deep and sinking  
You're fingerprints  
Will stay with me  
Always I'm thinking  
Of how you left your dirt on me  
On me

What was I thinking of  
To give you a part of me  
I can't get the stuff off  
Forever inside me

Say the word and I will come  
Burning like the golden sun  
Say your will  
It will be done  
Your star is shining  
Out at everyone  
Everyone

Can't stop believing  
Life's great untouchables  
Can't keep from dreaming  
Dreams turn to

How did it get to this  
I never saw it come  
How do I get to miss  
What I've never done?

Say the word and I will come  
Burning like the golden sun  
Say your will  
It will be done

Your star is shining  
Out at everyone  
Everyone

Skin deep and sinking  
You're fingerprints  
Will stay with me  
Always I'm thinking  
Of how you left your dirt on me

To give you a part of me
