

Echoboy, Telstar Recovery

Down in the underground
we're searching for the bublight
down in the underground
the future is here

A RECOVERY

straydog in contagious darkness
as dense as eternity
silent city in constant bublight
standing like a willow tree
explode! you hot vagabond
with your raven tongue

A RECOVERY

six dogs, an arabian midnight
behind the black glass
a raging sea
square pin... round hole
no sense of security

A RECOVERY
