

Econoline Crush, Sinking

Slash and burn
Insensitive
It comes all the way around and back again
Stunning move to make amends
Could have been a little more than faking it

You got what you want
You got what you need
You've got everything but me

Here comes the pay-off
What are you made of
You're empty
You're hollow
You're sinking fast (2x)

Cut and past
To move the men
I don't know who you are now or where you've been
Thought I knew everything
Should have seen that guilty look
Deception

You got what you want
You got what you need
You've got everything but me

Here comes the pay-off
What are you made of
You're empty
You're hollow
You're sinking fast (2x)

Sinking fast...
You're sinking fast
You're sinking fast
Sinking fast
You're sinking fast
You're sinking... (fast)

Here comes the pay-off
What are you made of
You're empty
You're hollow
You're sinking fast (2x)

(Here comes the pay-off) Here comes the pay-off
(Here comes the pay-off) What are you made of
You're empty
You're hollow
You're sinking fast (2x)
