

Ed Sheeran, Hearts Don't Break Round Here

She is the sweetest thing that I know
You should see the way she holds me when the lights go low
Shakes my soul like a pot hole, every time
Took my heart upon a one way trip
Guess she went wandering off with it
Unlike most women I know
This one will bring it back whole
Daisies, daisies perched upon your forehead
Oh my baby, lately I know

That every night I'll kiss you you'll say in my ear
Oh we're in love aren't we?
Hands in your hair, fingers and thumbs baby
I feel safe when you're holding me near
Love the way that you conquer your fear
You know hearts don't break around here
Oh yeah yeah yeah , yeah yeah yeah yeah

She is the river flow in Orwell
And tin wind chimes used for doorbells
Fields and trees and her smell, fill my lungs
Spent my summer time beside her
And the rest of the year the same
She is the flint that sparks the lighter
And the fuel that will hold the flame
Oh roses roses laid upon your bed spread
Oh my, hold this, oh this, I know

That every night I'll kiss you you'll say in my ear
Oh we're in love aren't we?
Hands in your hair, fingers and thumbs baby
I feel safe when you're holding me near
Love the way that you conquer your fear
You know hearts don't break around here
Oh yeah yeah yeah

Well I found love in the inside
The arms of a woman I know
She is the lighthouse in the night that will safely guide me home
And I'm not scared of passing over
Or the thought of growing old
Because from now until I go

Every night I'll kiss you you'll say in my ear
Oh we're in love aren't we?
Hands in your hair, fingers and thumbs baby
I feel safe when you're holding me near
Love the way that you conquer your fear
You know hearts don't break around here
Oh yeah yeah

Every night I'll kiss you you'll say in my ear
Oh we're in love aren't we?
Hands in your hair, fingers and thumbs baby
I feel safe when you're holding me near
Love the way that you conquer your fear
You know hearts don't break around here
Yeah yeah yeah
You know hearts don't break around here
Oh yeah yeah yeah yeah
