

Ed Sheeran, Punchline

I can't help but be destructive right now
It's been weeks since I saw your outline
In my room, there's a silence so loud
This is what losin' hope might sound like

Put me down so I'm in my place
Say it's over for breathin' space
All I was was a route to change
Is this just growin' up?

I might seem too distracted right now
It's been so long, I've been the punchline
I stand naked while these clothes dry out
Leave me drowning to edit the runtime

Put me down so I'm in my place
Say it's over for breathin' space
All I was was a route to change
Is this just growin' up?
All this love cannot seal my fate
Though it's all that I've been of late
Caught in webs I've wove with my mistakes
But this is growin' up

I can't help it, but I love you so
I can't take this lettin' go
I still feel that we could work it out or somethin'
All I am is only flesh and bone
Why's your heart so freezin' cold?
Don't you leave your weight on me, on me (Hey)
I can't help it, but I love you so
I can't take this lettin' go
I still feel that we could work it out or somethin'
All I am is only flesh and bone
Why's your heart so freezin' cold?
Don't you leave your weight on me, on me (No, I can't help it, no)
I can't help it, but I love you so (No, I can't help it, no)
I can't take this lettin' go (I will never let you go)
I still feel that we could work it out or somethin' (I will never let you go; No, I can't help it, no)
All I am is only flesh and bone (No, I can't help it, no)
Why's your heart so freezin' cold? (I will never let you go)
Don't you leave your weight on me, on me (I will never let you go)
