

Ed Sheeran, Vega

Utwór 'Vega' z albumu 'Subtract' od Ed Sheeran (premiera 5 maja 2023r.)

Rain keeps meeting on our rooftop, mind the glass
But god, I love the sound of Hell
Sad crumbs spreading on the carpet
Listening to a vinyl, trying to ignore the web

This week was heavy, I buckle on the road
What can you do but pray?
And count your blessings, there wasn't any other way
Don't leave it all to faith

Follow the tide by the waves
They all part
Love the night we run in
To be stars
But it burns like Hell
To be Vega

Clouds keep falling over this house
Blocking out the sun, I'm tryna keep it all together
One door closes then one opens
Gotta keep the focus, if we believe then she'll get better

The days are long but then they pass and then an instance breaks
It is the strangest thing
I count my blessings, the day I see you smile again
It's what we've got to win

Keeping inside, don't ever want
See your heart
No one can judge, we're the same
In the dark
Follow the tide by the waves
They all part
Love the night we run in
To be stars
But it burns like Hell
To be Vega

Same problems, different oceans
It comes at a cost, but we've got this
Need to rest but need time now
She'll be fine, she'll be fine
Same problems, different oceans
It comes at a cost, but we've got this
Need to rest but need time now
She'll be fine, she'll be fine

Rain keeps beating on the rooftop, pouring into death
I guess this is human nature
We all made to shine like stars but don't mean it don't burn
Like Hell to be Vega
