Eddy Arnold, If The Whole World Stopped Lovin'

IF THE WHOLE WORLD STOPPED LOVIN' (Ben Peters)
'67 Shelby Singleton Music

If the whole world stopped lovin' the way you stopped lovin' me Have you ever stopped to wonder what kind of place this would be If the whole world stopped lovin' the way you stopped lovin' me If every heart was broken the way that you broke my own And the whole world stopped lovin' how long would living go on Hear the church bells in the steeple as they ring their song through the air If the whole world stopped lovin' there'd be no steeple bells there The tears would fill the river till the rivers flooded the sea If the whole world stopped lovin' the way you stopped lovin' me If the whole world stopped lovin' the way you stopped lovin' me
