

Eddy Arnold, That's A Lie

Well I said if you're happy that I'm glad
At times for all the fun that we've had
I said if it's over I hope that you walk through fields of clover
But that's a lie I hope you're sad

Well I said I wish all the best to you
And good luck to your someone new
I said if it's true love then go ahead and take all my best with you love
But that's a lie I hope you're blue

If I'm not careful you'll catch me in a lie
And all I have to do is look at you and you'll see a grown man cry

I said I would never let you know how much it hurts to let you go
I said I won't miss you and I'll forget how it was to kiss you
But that's a lie look at me cry but that's a lie I need you so
