

Eden's Crush, Daylight

Wanna know you better
Wanna push you baby, but never to far
Wanna show you heaven
Wanna be like you, just as strong as you are

I wanna be daylight in your eyes
I wanna sunlight only warmer
I wanna be daylight in your eyes
I wanna be love only stronger
I wanna be daylight...

Wanna live forever
Wanna touch your hand and explode like a star
Wanna stand beside you, always be together wherever you are

I wanna be daylight in yours eyes
I wanna be sunlight only warmer
I wanna be daylight in your eyes
I wanna be love only stronger
I wanna be daylight in yours eyes
I wanna be sunlight only warmer
I wanna be daylight...

Wanna know you better
Wanna push you baby, but never to far
Wanna live forever
Wanna be like you
Just as weak as your are, weak as you are

I wanna be daylight in yours eyes
I wanna be sunlight only warmer
I wanna be daylight in your eyes
I wanna be love only stronger
I wanna be daylight in yours eyes
I wanna be sunlight only warmer
I wanna be daylight...

Daylight
I see it in your eyes
Daylight
I wanna be, just you and me, warmer then sunlight

Daylight
in your eyes
in your eyes
in your eyes

I wanna be daylight in yours eyes
I wanna be sunlight only warmer
I wanna be daylight in your eyes
I wanna be love only stronger
I wanna be daylight in yours eyes
I wanna be sunlight only warmer
I wanna be daylight...

Daylight...I see it in your eyes
