

Edgewater, I Can't Breathe

It's so early
Dead of the morning
Your voice overplayed is creeping
Crawling under my skin
And I can't take it

Damn you
Can't you get the message?
When you call I let it ring
Have you no courtesy?
You bring out the worst in me

I can't figure out
Is anybody out there?
All the things you scream about
Do you think of just yourself?
I'm going to start by taking back
So sick of sharing my air
All the trust you shouldn't have
'Cause I can't breathe anymore!

Careless
All of your decisions
You sure make it hard to breathe
Careful
Dig a little deeper
And you'll bring out the worst in me

Have you no courtesy?
Do you really have to scream?

I can't figure out
Is anybody out there?
All the things you scream about
Do you think of just yourself?
I'm going to start by taking back
So sick of sharing my air
All the trust you shouldn't have

'Cause I can't breathe anymore!

I can't
Breathe anymore
I can't
Breathe anymore
I can't
Breathe anymore
I can't
Breathe anymore
I can't
Breathe anymore

Over and over like a broken record

What's the time?
It's four a.m. Have you lost your mind?

I can't figure out
Is anybody out there?
All the things you scream about
Do you think of just yourself?
I'm going to start by taking back
So sick of sharing my air

All the trust you shouldn't have
'Cause I can't breathe anymore!

I can't
Breathe anymore
I can't
Breathe anymore
I can't
Breathe anymore
I can't
Breathe anymore
I can't
Breathe anymore
