

Edguy, But Here I Am

Always listen to what they tell - dreamer
Crazy habits are work of hell - dreamer
Dressed in black and ordinary suits - dreamer
All my life I have paid my dues - goodbye

But here I am yo go my way
But here I am I am sick of being here to pay

Never try to understand - dreamer
What I do and how I can - dreamer
Making love in middle of a street - dreamer
Let them talk about how we treat ourselves - that's right

But here I am yo go my way
But here I am I am sick of being here to pay

But here I am yo go my way
But here I am I am sick of being here to pay
