

# Edguy, Hallowed

Sacred - standing full of pride  
Spite on my mind, spite in my brain  
Guiding me to fight  
Enchained - you pray to be a slave  
Rules without sense, no little sense  
To dust you will decay

[Chorus]:

Hallowed be my name  
Hallowed be my name  
God of creation  
You beg for damnation  
Think you can serve me in hate  
Hallowed be my name  
Hallowed be my name  
God of creation  
You beg for damnation  
Hallowed be my name

Hatred - pushed into a war  
Those who blaspheme  
Don't join our way  
Dying by your sword  
Sacred - hallowed be my name  
For peace you destroy  
Lie and deny  
A glorious crusade

[Chorus]

Hallowed be my name  
Hallowed be my name  
God of creation  
You beg for damnation  
Think you can serve me in hate  
Hallowed be my name  
Hallowed be my name  
God of creation  
You beg for damnation  
Hallowed be my name

[Solo]

[Chorus]

Hallowed be my name  
Hallowed be my name  
God of creation  
You beg for damnation  
Think you can serve me in hate  
Hallowed be my name  
Hallowed be my name  
God of creation  
You beg for damnation  
Hallowed be my name
