

Edith Frost, Follow

Ahhh we'll snort with pleasure
Ahhh we'll forego washing
We'll hold a holiday of love
I'm a green tree you're the air
I'll follow you there
I'll follow you

Engulf me lover

Ahhh we'll take a tumble
Ahhh down in the gravel
I'll take your hand to lead me over
Hang our colors in the air
I wanna follow you there
I wanna follow you

Engulf me lover
And loop me into blue
Enfold me lover

Ahhh we'll taste the nectar
Ahhh we'll share the bounty
I'll bear the cost of our defense
Never looking back again
I'm gonna follow you in
I wanna follow you

Engulf me lover
And loop me into blue
Enfold me lover

Enclose me lover
