

# Editors, Black Gold

you better than  
you know you see  
another secret  
or a story to tears

I walk alone  
is just to know you see  
and say true  
in this hostile place

don't change  
don't change  
I need you tonight  
I need you tonight  
don't change  
don't change  
will you dance in light  
will you dance in light

now it's a ...

Black Gold  
is the color

did we ever feel lonely  
Black Gold

..  
we don't listen

put your hand up  
if you're running skirt  
jum  
my angels will keep you tehere  
the superheroes  
where are they now?  
put your dwon  
till the petrol runs down

don't change  
don't change  
I need you tonight  
I need you tonight  
don't change  
don't change  
will you dance in light  
will you dance in light
