

Editors, Disappear

What a day for a walk with my friends
The cold air kisses my throat again
Remind me of Christmas but don't let me choke, my love
Life don't take long when there's nothing wrong

Come on in (disappear)
Come on in (disappear)
Come on in (disappear)
Come on in (disappear)
Come on in

What a day for a walk with my friends
The cold air kisses my throat again
You are such a beautiful thing
Life don't take long if there's something wrong

Come on in (disappear)
Come on in (disappear)
Come on in (disappear)
Come on in (disappear)
Come on in

(Disappear) come on in
(Disappear) come on in
(Disappear) come on in
(Disappear)
Why don't we disappear
Why don't we disappear
Why don't we disappear
Why don't we disappear
Why don't we
