

Editors, You Are Fading

I'll lose this I always have,
I'll always let you down
I'll lose this I always have,
I'll always let you down

Make your way up to the stars,
It's there where you belong
I'll lose this I always have,
I'll always let you down.

Waiting, you are
Fading, you are
Slowly drift off to sleep

Waiting, you are
Fading, you are
Slowly drift off to sleep

Waiting, you are
Fading, you are
Slowly drift off to sleep
