

# Edward, I Can't Stop

Why can't I feel  
Im Just to get on  
how come I feel  
I can't cum  
how come I feel  
all night long  
I want you  
I needed you so to cum now

When the music  
starts to get me free  
you go  
&quot;I need you so&quot;

I can't help  
I know it's love  
It's just the way  
it feels ...so

I can't stopX 3  
I know It's love...

I can't stop X3  
you know.

Baby  
all night long  
mmm  
cant get enough  
I Love you  
I know I love you  
I know  
I can't get enough now

When I look  
into those eyes  
and the music  
dances  
and our bodies  
start  
my love starts  
my heart starts  
my head starts

I can't stop X5  
I know..x2

Everyday  
I put away  
all my tradgedy  
& My heart says  
&quot;I want nothing more  
than you to be  
mine forever  
ever more&quot;

Head starts  
My heart starts  
My body moves

My head starts  
My heart starts  
My body Starts

My head starts  
I can't get enough x4

I don't know  
why I feel this way  
I feel I'm going  
insane sometimes  
but you drive me that way  
you drive me that way baby  
ooh ooh ooh  
yea hu  
I'm going so don't stop me  
hey  
listen to me baby

My head starts  
My heart starts  
My body starts

and  
I  
can't  
stop

Don't say no now  
don't say no!

I can't stop  
can't get enough  
I can't stop

I know  
I know it's love now baby  
I can't stop myself  
I can't stop  
no  
I know  
I know it's love  
it's got to be love now  
it's all  
starting again!
