

Edward, Where Did Love Go

ah

mm

uh

So what we had a fight

it didn't work out

just right

baby this is crazy

how can you be so cold

where did our love go

what about the loving and touchin'

what about it

it didn't mean nothin'

nothin'

where'd our love go

baby where did love go

baby

this isn't right

a part of life

how come you couldn't cope

baby

this is crazy

how can you be so cold

where did our love go

we would run all night

on the levy down in New Orleans

dancing all night

how can you be so cold
