

Edward, You Girl

bah dah daht

What is keeping me from you girl
A love In my heart so strong
that
I feel
I can't go on....
Baby
you are my world
and I love you
Where would I be without you ...
your my song...
Nothing compares with you
Nothing I can share with you
I'm all alone everynight
pining away....
Hoping the day would go away...
I can't live without your love
How I
Long for you

Life aint nice
without you
Girl I just dream...
in the stars..
in your eyes...
Girl
The stars are your eyes
The universe is love
But love will not without you
You read your books to me
You told me your life story
You shared your love with me
I
can't forget
You are my dream girl..
You are my dream girl...
You girl are my dream.....

So I just keep on singing
of you girl
of you girl
I love you
I love you
I really do.....

So I'll see you around sometime I hope
I'll see you around
I'll see you around
I hope
I hope
I hope
