

Edyta Górniak, Love Is A Lonely Game

Walking freely, I dont have to hide it,
Bitten you so sweetly, I dont feel no pain
Misunderstood completely,
mistaken and misguided,
No matter what they say, I dont feel
no shame no shame

Cos that was another day, I thought
there was no escaping,
Love is a lonely game,
breaking all the rules,
Keeping it locked inside, feeling that
something changing
Was it a waste of time, for me, I guess,
love is a lonely game.

Do this, do that ...

Peaceful feeling, didnt think Id like it,
No more teardrops,
only feel the rain,
I constantly reminded,
of what is used to be,
It takes time to heal, a heart
thats lost its way.

Cos that was another day, I thought
there was no escaping,
Love is a lonely game,
breaking all the rules,
Keeping it locked inside, feeling that
somethings changing
Was it a waste of time, for me, I guess
love is a lonely game.

I know the games theyre playing,
dont believe the words theyre saying ...
