

# Edyta Górniak, Make It Happen

I feel alive

I feel your love, I hear you breathe  
It shines all over me  
I know it's another dream  
I'm sleeping

Take your time do it right  
Don't want to miss a thing  
Let the show begin oh

Take my heart, take my soul  
Don't ever let me go  
Let's fool around with my instincts

I ain't in the mood for talking  
And I don't want to wait

It must be right  
Tonight I feel alive  
So just sit tight  
And make it happen  
It must be you  
So do the things you do  
Turn off the lights and  
Make it happen

Start me up, shake me down  
Don't let my feet touch the ground  
Let me show you what you found, oh baby

Come to me, hold me close  
Don't ever let me go  
Lay down with me  
Let's begin again and again

I ain't in the mood for talking  
And I don't want to wait

It must be right  
Tonight I feel alive  
So just sit tight  
And make it happen  
It must be you  
So do the things you do  
Turn off the lights and  
Make it happen

I need you so  
My body's letting go

I wanna say yes  
You're the best

Can't say no...  
I need you so...
