

# eels, Eyes Down

Well the sun is shining  
But it don't feel good  
Don't smile down on this neighborhood  
When I go walking through this stinkin' town  
Well mister I keep my eyes down

The brotherhood of the misunderstood  
Living all here in all likely hood  
Your living in this town where you pray for sundown  
Well mister when I go downtown  
I keep my eyes down

Knocking in a frenzy not apply  
The man of the house is not inside  
Well baby I'm keeping my eyes  
Down

Go with the flow  
Or ya gonna be sick  
Think I'd rather hear my heart not tick  
But if ya don't wanna wear a hospital gown  
Better get out now,  
Or keep your eyes down

You keep your eyes down  
You keep your eyes down

Knocking in a frezy not apply  
The man of the house is not inside  
Well baby I'm keeping my eyes  
Down

Well the sun is shining but it don't feel good  
Don't smile down on this neighborhood  
When I go walking through this stinkin town  
Well mister I keep my eyes down(x4)
