

eels, Someone To Break The Spell

You up there,
Don't you think there's something you can do?
Well no one has ever told me it was going to be this way,
Me down here,
Well look at all of the things I try to do,
Every day's another day, but nothing else is new,

Everything I see is broken,
There's no water in the well,
Oh, won't you please send me someone to break the spell,

Well, is it me,
Or is it everyone else who comes around?
They always stay a little while,
But they're gone before too long,
Hey, you up there,
Looking down upon this sorry scene,
Is is what it's all about,
Or is this some bad dream?

Everything I see is broken,
There's no water in the well,
Oh won't you please send me someone to break the spell?

I've got a million dreams stuck inside my head,
If I could live a few before I'm dead,

Everything I see is broken,
There's no water in the well,
Oh won't you please send me someone to break the spell?
