

Egypt Central, You Make Me Sick

I used to think that this was perfect,
and wish that it was never ending
But those days are gone forever,
It's something I'm not missing
There's a force there's a voice, in my head
telling me to think
About the times that you were cruel and mean
And I don't care if you walk away
I'm here to stay and you need to hear

(Chorus)
You make me sick!
But I love what we're doing here
You make me sick!
And I can't be the only one

You make me sick!
But I love what we're doing here
You make me sick!
And I can't be the only one

I have to take advantage,
before the moment passes by
It's so hard to manage,
the ups and downs of your life
Someone help someone speak
before I start to scream out,
anything to break the silence
You're holding me back
confined by doubt

(Chorus)
You make me sick!
But I love what we're doing here
You make me sick!
And I can't be the only one

You make me sick!
But I love what we're doing here
You make me sick!
And I can't be the only one

(Bridge)
Cause I need you,
cause I need you here with me
When it falls through,
and I'm down upon my knees

There's a force there's a voice in my head
telling me to
Think about everything
last time I believed,
now I realize!

(Chorus)
You make me sick!
But I love what we're doing here
You make me sick!
And I can't be the only one

You make me sick!
But I love what we're doing here
You make me sick!
And I can't be the only one

4x SICK!(7) YOU MAKE ME SICK!
