

Eidolon, Zero Hour

Music: S. Drover, G. Drover

Lyrics: S. Drover

The missions clear
Obtaining information " vital
Preventing mass obliteration
Sent back in time - As I surpass the speed of light
To save mankind from self destruction

Viral Decay " creation of a twisted science
Transparent to the human eye
A new regime " manifesting revolution
Once exposed " 5 billion die!

Chasing time
Twisting Fate
Preventing misfortune
Is it to late?

Solo " Glen

Malefic act " deleting files I've tried to gather
The missions failed " return to future
Our fate is sealed " a world that's headed for destruction
As we approach the zero hour
