

# Eidolon, Zero Hour

Music: S. Drover, G. Drover

Lyrics: S. Drover

The missions clear  
Obtaining information &quot; vital  
Preventing mass obliteration  
Sent back in time - As I surpass the speed of light  
To save mankind from self destruction

Viral Decay &quot; creation of a twisted science  
Transparent to the human eye  
A new regime &quot; manifesting revolution  
Once exposed &quot; 5 billion die!

Chasing time  
Twisting Fate  
Preventing misfortune  
Is it to late?

Solo &quot; Glen

Malefic act &quot; deleting files I've tried to gather  
The missions failed &quot; return to future  
Our fate is sealed &quot; a world that's headed for destruction  
As we approach the zero hour
