

# Eiffel 65, Another Race

&lt;lyrics&gt;

It's another race from outer space.  
It's another race away, away.  
It's another race from outer space.  
It's another race away, away.

It's another race  
It's another race

They seem to walk on air,  
And they act pretty strange.  
They live around us,  
But you can't recognize them  
We can't communicate.  
With their one way brain.  
No matter how you try,  
You just can't understand them.

It's another race from outer space.  
It's another race away, away.  
It's another race from outer space.  
It's another race away, away.

It's another race from outer space.  
It's another race away, away.  
It's another race from outer space.  
It's another race away, away.

They seem to walk on air,  
And they act pretty strange.  
They live around us,  
But you can't recognize them  
We can't communicate.  
With their one way brain.  
No matter how you try,  
You just can't understand them.

It's another race from outer space.  
It's another race away, away.  
It's another race from outer space.  
It's another race away, away.

It's another race from outer space.  
It's another race away, away.  
It's another race from outer space.  
It's another race away, away.

And they think they got it made,  
They're right, but they're wrong.  
And they try to use our words  
But it's a lie.

It's another race from outer space.  
It's another race away, away.  
It's another race from outer space.  
It's another race away, away.

It's another race from outer space.  
It's another race away, away.  
It's another race from outer space.  
It's another race away, away.
