And I DJ with the fire, fire
I can DJ ,I'm a DJ with the fire
I can rock your body, move
I DJ with the fire

I go to sleep when it is morning
I live my life like a vampire sucking music
I send a message when I DJ
I touch my people with vibrations from my 2 turntables
I go to party with the fire
It makes me know how I feel that's the deal buddy
You see the walls around me c'mon let's raise the roof
And so I'm spinning my best records tonight for you

I can rock your body, move
DJ with the fire
I can rock your body, move
And I DJ with the fire, fire
I can DJ ,I'm a DJ with the fire

I can rock your body, move
And I DJ with the
I can rock your body, move
DJ with the fire
I can rock your body, move
And I DJ with the fire, fire
I can DJ ,I'm a DJ with the fire
I can rock your body, move

DJ with the fire, rock ya , move
DJ with the fire, rock ya , move
DJ with the fire, rock
DJ with the fire, rock ya , move
I DJ with the fire
