

# Eiffel 65, Like A Rolling Stone (English Version)

Like a rolling stone  
Forever I will roll on  
Always searching a higher goal  
That can make me fly away in liberty

Like a rolling stone  
Forever I will roll on  
Always riding a melody  
That can make me fly away in liberty

Sometimes I feel like a superstar  
And sometimes not  
Sometimes I've ran to win the race  
Sometimes I've lost  
But there's a fire burning in me  
I gotta chase  
And it doesn't matter if it's too late  
My life can change

Like a rolling stone  
Forever I will roll on  
Always searching a higher goal  
That can make me fly away in liberty

Like a rolling stone  
Forever I will roll on  
Always riding a melody  
That can make me fly away in liberty

Sometimes it's like I'm invincible  
And sometimes not  
Sometimes I dream I'm and far away  
And sometimes I know  
But there's a fire burning in you  
That will stay alive  
And you won't need to a rode to ride  
If you can fly

Like a rolling stone  
Forever I will roll on  
Always searching a higher goal  
That can make me fly away in liberty

Like a rolling stone  
Forever I will roll on  
Always riding a melody  
That can make me fly away in liberty

Like a rolling stone

Always riding a melody  
That will make me fly away in liberty
