

# Eiffel 65, Losing You

Can't get over losing you  
And so I'm tired  
I just can't get over losing you  
And so I can't get over losing you  
I just can't get  
Can't get over losing you  
Can't get  
I just can't get over losing you  
And I just  
And I don't care  
What I'm missing is you  
You

Can't get over losing you  
And so I'm tired  
I just can't get over losing you  
And so I can't get over losing you  
I just can't get  
Can't get over losing you  
Can't get  
I just can't get over losing you  
And I Just  
Can't get over losing you  
And so I'm tired  
I just can't get over losing you  
And so I can't get over losing you  
I just can't get  
Can't get over losing you  
Can't get  
I just can't get over losing you  
And I Just  
Can't get over losing you  
And so I'm tired  
I just can't get over losing you  
And so I can't get over losing you  
I just can't get  
Can't get over losing you  
Can't get  
I just can't get over losing you  
And I Just

I lost the count now of how many letters  
I've wrote from here  
And I lost the count now of how many days  
I've been away from home  
I remember the time that you asked me  
What was right or wrong  
And I don't care  
What I'm missing is you  
You

Can't get over losing you  
And so I'm tired  
I just can't get over losing you  
And so I can't get over losing you  
I just can't get  
Can't get over losing you  
Can't get  
I just can't get over losing you  
And I Just  
Can't get over losing you  
And so I'm tired  
I just can't get over losing you  
And so I can't get over losing you

I just can't get  
Can't get over losing you  
Can't get  
I just can't get over losing you  
And I Just  
Can't get over losing you  
And so I'm tired  
I just can't get over losing you  
And so I can't get over losing you  
I just can't get  
Can't get over losing you  
Can't get  
I just can't get over losing you  
And I Just

I lost the count now of how many letters  
I've wrote from here  
And I lost the count now of how many days  
I've been away from home  
I remember the time that you asked me  
What was right or wrong  
And I don't care  
What I'm missing is you  
You

Can't get over losing you  
And so I'm tired  
I just can't get over losing you  
And so I can't get over losing you  
I just can't get  
Can't get over losing you  
Can't get  
I just can't get over losing you  
And I Just  
Can't get over losing you  
And so I'm tired  
I just can't get over losing you  
And so I can't get over losing you  
I just can't get  
Can't get over losing you  
Can't get  
I just can't get over losing you  
And I Just  
Can't get over losing you  
And so I'm tired  
I just can't get over losing you  
And so I can't get over losing you  
I just can't get  
Can't get over losing you  
Can't get  
I just can't get over losing you  
And I Just  
Can't get over losing you

I just can't get over losing you  
And so I can't get over losing you  
I just can't get  
Can't get over losing you  
Can't get  
I just can't get over losing you  
And I Just
