

Eila, Slow (feat. Glance)

I just wanna let you know
When we're together we can take it slow
I just wanna let you know
When we're together we can take it slow
Take it slow

All night long
Girls alright
You I like

Ta rida tari ra ra
Ta rida tari ra ra
Ta rida tari ra ra
Ta rida tari ra ra

Lady let's move
I wanna take her to champagne room
Do that bang bang move to the world dance
I am gonna make it ? girlfriends
Little John and the twins I will be back with more game
Back with more game we're gonna show you how to ?

Let's say the way I jump it
Let's say the music popping
Let's say the way I do it
Everybody jumping see the party starting
I just wanna let you know
When we're together we can take it slow

When we're together we can take it slow
Take it slow

Let's say the way I jump it
Let's say the music popping
Let's say the way I do it
we can take it slow
I just wanna let you know
When we're together we can take it slow
Take it slow
See the party started
