Eisley, Trolley Wood

Out one day Walking one day Out one day, with you hallelujah We found a wood with Trolly's on wheels Rolling all around the hills Hallelujah

And just as soon it had slipped into The sleepy dusk and it's not very likely That we'll see it a... we'll see it again

Out one day Walking one day Out one day, with you hallelujah We found a wood and then we unfound a wood And then we cried, "Oh No" And, please tell me will we ever find again? In the depths of Trolly Wood Do trollies still drive?

Gone for the day to the Trolly Wood I'm gone for the day to the Trolly Wood The Trolly Wood is taken me away

Out one day Walking one day Out one day, with you hallelujah We found a wood and then we unfound a wood And then we cried, "Oh No" And, please tell me will we ever find again? In the depths of Trolly Wood Do trollies still drive?

Gone for the day to the Trolly Wood I'm gone for the day to the Trolly Wood The Trolly Wood is taken me away

[repeat verse again]

Gone for the day to the Trolly Wood I've gone for the day to the Trolly Wood I've gone for the day to the Trolly Wood The Trolly Wood is taken me away

So, out one day Walking one day Out one day with you hallelujah.
