

Ekotren, Chupacabra

[1st Verse:]

Keep your head down.
Or else he will find you.
Stay quiet dont you make a sound.
He is coming Behind You
Chupacabra!
I bet your a believer now.
You wish you never had your doubts.
I bet your a believer now.
Now theres no way out.
You'll never get away.
Hell hunt till he dies.
He knows no other way.
Determination in his eyes.
And he will stop at nothing.

[2nd Verse:]

Get up and run now.
Its too late he sees you.
Theres only one thing left to do.
Fight for your life.
Chupacabra!
As he inches forward.
Theres no one else to save you, but yourself.
You must destroy the fucking head or remove the brain.
Theres nothing left to do now.
Get down on your knees and pray.
(destroy the head or remove the brain)
