

# Ektomorf, Fuck You All

There is the motherfucker look at him  
He has got a big car and money  
He is sure that he can be anything  
He want everyone and everything

There is the gurk off look at him  
Sitting the whole day in the fucked up office  
His name is Boss he wanna fuck me up  
I have a message to them

Fuck you all

There is the motherfucker look at him  
He thinks that he is so important  
But he is a loser, he is just a slave  
And he wanna tell me how I have to live

There is the gurk off look at him  
He wanna stand above everyone  
I've got a message to them

Fuck you all

I'm fed up with them I don't want more  
I'm fed up with them, fuck you all  
Fuck the society, fuck the system  
I destroy them all  
I destroy them

Poser motherfuckers, fake wannabes  
I can't stand anymore all this shit  
They piss me off, they make me mad  
I've got a message to them

Fuck you all
