

# El Presidente, Without you

Well I know I made a lot of wrong decisions  
Yes I know I put you though a million mindless things  
If I only had the heart to say I want you  
And it's so bad and almost sad but it's so hard to give  
Without You, I don't want anybody  
Without You, I don't need anybody  
Without You, what you want me to do?  
Cos there ain't no way that I could possibly love  
Without You  
Would you ever reconsider what we started  
If I had the ways and means to work this whole thing out  
And I know that I have left you broken hearted  
I guess I feel that I ain't proud of what I've done to you  
Without You, I don't want anybody  
Without You, I don't need anybody  
Without You, what you want me to do?  
Cos there ain't no way that I could possibly love  
Without You  
We've got romance we've got a chance  
Don't blow it baby  
What you want me to do?  
Do you want me to leave you baby?  
What you want me to say?  
I can't live  
Without you baby  
Cos without you  
What you need me to do?  
Cos there ain't no way that I could possibly love  
Without You
