

# Elbow, Gentle Storm

I'll fly swift and true straight to you  
Like an arrow  
Just to be where you lie  
Meet my quest  
Do my shambling best to be near you  
Where you lie  
I've found peace in your arms

Gently storm  
Rage my way  
Fall in love with me /3x  
Everyday

Counting down  
Now, the clocks reset when I met you  
Do we start a new life?  
Yours and my spit-shone restless hearts  
They were meant to  
Beat one time  
Share one fate  
From this day

Gently storm  
Rage my way  
Fall in love with me /3x  
Everyday
