What Time Do You Call This?

What Time Do You Call This?  
I've been crawling to wilder all my days  
To now find your face shining out of the crowd  
It was just a words  
... detention  
Coz love was just the joy..  
... senseless

Oh, shrink with me  
.. with me  
Wind with me  
Fly with me  
Endlessly fallow me  
To the ...  
Swallow me  
Stay, please, now with me  
Drinking, dancing, laughing with me  
Tell me when I go too far  
Stay preciousy where you are  
Tell me answers for all my lies  
Hold... with those eyes

..  
Check my spell  
And ring my bell

..  
Tender...  
Check my spell  
And ring my bell

Separate me from my breath  
Kiss me nearly half to death
