

# Eldritch, Reverse

You took your risk and then you tried  
hell ain't far, beware of this game  
it seems nice, seems cool, it's your favourite pie  
it's alright, it's okay, it relieves your pain

Reverse your pain into hate  
Reverse your pain into hate

The streets you live on are your reign  
you prooved some friends crime sometimes pays  
the night crawls deep into your mind  
from dust to dust, it's the story of your life

Reverse your pain into hate  
Reverse your pain into hate

You rolled the dice and now won the game  
hell's your prize, too late to cry  
it was nice, it was cool, was your favourite pie  
but the slice you ate had a stain

Reverse your pain into hate  
Reverse your pain into hate
