## Electrelane, On Parade

Stand up against the wall So I can make you out Do do you wanna be it? You take the power out. One day we'll be wandering

Girl you'll be a dandy And a deserter You sit astride your horses Dressed as Nelson

I wanna see her I wanna see her I wanna see her with her horses Oh yeah

I bet I'd like your underwear I bet I'd like your underwear I bet I'd like your underwear

You got it down You got it down Uh huh You got it down You got it down
