

# Electric Light Orchestra, Train Of Gold

I saw her there from across the street, she was dressed in black  
And when she moved she moved to a beat, like a Cadillac  
She rode a train, train train train, a train of gold

She was a woman of suspicious ways, never saw daylight  
And in her room she sat and passed the days  
And she'd creep out at night  
She rode a train, train train train, a train of gold

Chorus: Train of gold, train of gold  
It took me so long to find out I was wrong  
Now I wait for her in the night

Looked through a window saw a velvet sky, a shade of green  
A violin was playing soft and sweet, like it was a dream  
She rode a train, train train train, a train of gold

Train of gold, train of gold  
It took me so long to find out I was wrong  
Now I wait for her in the night

Train of gold, train of gold  
I don't believe her, it just couldn't be her  
I can't get it out of my mind
