

Electric Six, Dancing Like An Idiot

Hey!

Put down the mesh
the French ribbed tickler
We're going to make love the right way
And if you get to know me
I know you're going to show me
what you did to the other guys
Woo!

Now I'm dancing like an idiot for your love
Dancing like an idiot for your love
For your love
Like an idiot for your love

I

I had bad, bad, bad, social dysfunction
The last time you came around
But now I got that jerk out of my system
And I'm ready to get down

Now I'm dancing like an idiot for your love
Dancing like an idiot for your love
For your love
Like an idiot for your love

Woo!

I'm dancing like an idiot for your love
I'm dancing like an idiot for your love
For your love

For your love, baby!
(I'm dancing like an idiot.... for your love)

Yeah!
For your love!

For your love!
(On the dance floor baby)

For your love
(I'm on fire for your love)
