

Electric Six, I Am The Knife

I've lived through plagues
and insurrections baby
And I've been accountable
for every virgin sacrifice

And I am the knife
I am the seizure
I am the one who leaves you cryin' at night
I am the knife

And I am the push
I am the witness
I am the horror
I am the knife

And I got this jacket
yeah I got this really cool leather jacket baby
I want to put my arms around you
like a game show host

And I am the knife
I am the sadness
I am the truth
I am the love
I am the knife

And I am the cut
I am the witness
I am the bloody glove
I am the knife

Hey hey hey!
Oy oy oy!
Ooooooooooooo
