

Electric Six, Naked Pictures (Of Your Mother)

Well nobody wants to burn in Hell
but everybody's got a soul to sell.
When I was young my mama gave me some advice
She said Boy, don't you know everybody's got a price?

I make lots of money, I make more money than you
I drive around in my limo, that's what I was born to do
And I might like you better if we fucked together
If it's not to be you know that I got somethin' better for you:

Solo!

I dropped a bomb on Japan
I was a hostage in Iran
I'm the ugly American
Now I'm a government man
A government man!

And I make lots of money, I make more money than you
I drive around in my limo, that's what I was born to do
And I might like you better if we fucked together
If it's not to be you know that I got somethin' better for you:
