

# Electric Six, Remote Control (Me)

Remote control me right  
Remote control me left  
Remote control me right  
Remote control me

Manipulate me here  
Manipulate me down  
Manipulate me up  
Manipulate me

Ooh, you're sitting in your chair  
But you ain't going nowhere  
You got your finger on the button  
But you ain't doing nothing  
I'm begging you please

Remote control me right  
Remote control me left  
Remote control me right  
Remote control me

Manipulate me here  
Manipulate me down  
Manipulate me up  
Manipulate me

I've waited years for this

Yes!

Remote, remote me  
Remote, remote me  
Remote, remote me  
Remote, remote  
Control me right!

Remote control me right  
Remote control me left  
Remote control me right  
Remote control me

Manipulate me here  
Manipulate me down  
Manipulate me up  
Manipulate me  
Ooh!
